TO THE TRADE

We take pleasure in presenting you with our
Annual Catalogue of

Parlor and Heating Stoves

Our line for the coming season includes a large variety of stoves that will surely be sellers, and which you should see and secure the agency for before buying others.

We have a very large stock of all the different grades of stoves, and shall be able to fill your orders promptly and at reasonable prices.

We thank you for past favors and solicit a continuance of your patronage.

Terms, 60 days from date of shipment or 2% for cash on 10th of month following the date of shipment.

Freight will be allowed on stoves, ranges and furnaces in lots of 200 lbs. or over if settlement is made within 60 days and when accompanied with paid freight bill, but not otherwise.

Rochester Radiators

Style "A." Price, \$8.00

For use on ordinary-size stoves, and for any fuel except soft coal.

Material: American-Russia iron, with highly ornamental nickeled cast-iron top, base and legs.

Diameter, 12 in.; length, 34 in.; weight, 30 lbs.

Nos. 15 and 155 have 84 cross tubes. Nos. 16 and 17 have 96 cross tubes.

This is the most popular style for general use, and for size and price gives maximum results. Very artistic and ornamental.

No. 15	for 5-in. stovepipe
" 155	" 5½-in. "
" 16	" 6-in. "
" 17	" 7-in. "

Style "B."

Price, \$7.25

Description same as style "A," except material. Best sheet steel, with Japanned cast-iron top, base and legs.

Nos. 25 and 255 have 84 cross tubes. Nos. 26 and 27 have 96 cross tubes.

This radiator, while as durable and giving as good results as style "A," is plain in finish.

No. 25	for 5-in. stovepipe
" 255	" 5½-in. "
" 26	" 6-in. "
" 27	" 7-in. "

Order by number only

Styles "A" and "B" can be shortened to fit special conditions without extra charge.

Style "E." Price, \$6.00

For use on medium-size stoves and for any fuel except soft coal.

Material: American-Russia Iron, with highly ornamental nickeled cast-iron top, base and legs.

Diameter, 12 in.; length, 20 in.; weight, 20 lbs. Has 48 cross tubes.

No. 015	for 5-in. stovepipe
" 0155	" 5½-in. "
" 016	" 6-in. "
" 017	" 7-in. "

Style "F."

Price, \$5.00.

Description same as style "E," except material. Best sheet steel, with Japanned cast-iron top, base and legs.

No. 025	for 5-in. stovepipe
" 0255	" 5½-in. "
" 026	" 6-in. "
" 027	" 7-in. "

Order by number only

Style "C." Price, \$12.00

For use on furnaces, boilers and very large stoves using large smokepipes, and with any fuel except soft coal.

Material: American-Russia iron with highly ornamental and artistic nickeled cast-iron top, base and legs.

Diameter, 15 in.; length, 34 in.; weight, 50 lbs. Has 120 cross tubes.

This radiator when placed on furnace pipe will throw out more heat than any register from same furnace.

No. 46	for 6-in. smokepipe
" 47	" 7-in. "
" 48	" 8-in. "
" 49	" 9-in. "

Style "D."

Price, \$10.50

Description same as style "C," except material. Best sheet steel, with Japanned cast-iron top, base and legs.

This radiator is plain than style "C," but as durable, and is intended to be used in places where it is not conspicuous and where results are desired and not ornament.

No. 5	for 6-in. smokepipe
" 57	" 7-in. "
" 58	" 8-in. "
" 59	" 9-in. "

We can make style "C" and "D" to fit large size pipe when necessary, without extra charge.

Style "C" and "D" can be shortened to fit special conditions without extra charge.

Order by number only

Style "M."

Price, \$2.00

An excellent heater for the price, which is so low as to bring it within the reach of any one.

Description the same as style "L," except material. Best sheet steel, with cast-iron top and base.

No. 1045	for 4½-in. stovepipe
" 105	" 5-in. "
" 1055	" 5½-in. "
" 106	" 6-in. "
" 107	" 7-in. "

Order by number only
